

## First Quarter Financial Statements

September 11, 2012

TSX: REZ

Redzone Resources Ltd. ("REZ" or the "Company") reports that it has filed its unaudited condensed interim consolidated financial statements for the three months ended July 31, 2012 and the related management's discussion and analysis ("MD&A").

The Company reported a net loss for the three months ended July 31, 2012 of \$0.2 million, compared with \$0.4 million for the comparative period in 2011.

The recent drill program has been completed and given the encouraging results the Company will exercise their option to acquire 55% of Minas Dixon BVI, which owns the Lara and Tingo properties. The Company has a drill program in place and is exploring options on how to advance it.

The Company recently reviewed potential acquisitions which ultimately did not meet the Company's criteria. The Company remains very active in its search for a value adding acquisition to see the Company to its goal of being a mid-tier mining company.

Copies of the unaudited condensed interim consolidated financial statements and related MD&A can be found on SEDAR at [www.sedar.com](http://www.sedar.com).

### **About Redzone Resources Ltd.**

Redzone is a mineral exploration company focused on the acquisition and exploration of properties with prospects for hosting gold and base metal deposits in Peru. Redzone is listed on the Toronto Stock Exchange (REZ) and more information can be found at [www.redzonerresources.ca](http://www.redzonerresources.ca).

Some of the statements contained herein may be forward-looking statements which involve known and unknown risks and uncertainties. Without limitation, statements regarding potential mineralization and resources, exploration results, expectations, plans and objectives of Redzone Resources Ltd. are forward-looking statements that involve various risks. The following are important factors that could cause Redzone Resources' actual results to differ materially from those expressed or implied by such forward-looking statements: changes in the world wide price of mineral commodities, general market conditions, risks inherent in mineral exploration, risks associated with development, construction and mining operations, the uncertainty of future exploration activities and cash flows, and the uncertainty of access to additional capital. There can be no assurance that forward-looking statements will prove to be accurate as actual results and future events may differ materially from those anticipated in such statements. Redzone Resources undertakes no obligation to update such forward-looking statements if circumstances or management's estimates or opinions should change. The reader is cautioned not to place undue reliance on such forward-looking statements.

The TSX Exchange does not accept responsibility for the adequacy or accuracy of this release.
